2. General. **This Policy (07-06) supersedes all previous SRIP policies for FY 2007.** This memorandum establishes policy to administer ARNG incentives for the period effective 10 August 2007 through 31 March 2008 unless otherwise noted, superseded or suspended. Commanders at all levels are required to ensure that this policy is managed effectively in order to preclude any occurrence of fraud, abuse, or mismanagement.

3. Applicability. **This policy guidance applies to ARNG Soldiers in M-Day status only.** Incentives available to Military Technicians (Mil Techs) or ARNG Soldiers serving in an Active Guard Reserve (AGR) status are not covered in this policy. Refer to the ARNG Mil Tech Reenlistment Incentive Policy dated 1 January 2007 or the ARNG Location SRB Policy 1 January 2007 respectively for information pertaining to these incentives. This policy does not govern GI Bill or GI Bill Kicker eligibility. Refer to the ARNG GI Bill policies for guidance.

4. Purpose. The purpose of the ARNG Incentive Program is to assist ARNG leadership and personnel managers in meeting the readiness requirements for the ARNG. It is imperative that each State utilize the resources available within the ARNG Incentive Program in order to target personnel strength and readiness issues. Critical shortages identified through Unit Status Reports (USR) must be used in order to focus the incentive program on the State's prioritized shortages.

5. Termination **with** Recoupment: If entitlement to an incentive is terminated for any reason before the fulfillment of the service described in the member's written agreement, that member shall not be eligible to receive any further incentive payments, except for payments for service performed before the termination date. The following termination reasons are the most common but may not be all inclusive. The appropriate chapter of NGR 600-7 contains the complete termination rules for each respective incentive.

a. Fails to participate satisfactorily in required training during the entire period of service agreed to, in accordance with the written agreement, unless the failure to participate satisfactorily was due to reasons beyond the control of the member (i.e., death, injury, illness, or other impairment).

b. Separates from the ARNG for any reason (including enlistment or voluntary order to active duty in the active forces). Find exceptions to recoupment in paragraph 6, below.

c. Moves to a non-bonus skill or unit, unless the move is due to normal career progression (promotion) or is required by the needs of the ARNG.

d. Fails to extend the contracted term of service for a period of authorized non-availability.

e. Accepts an Active Guard and Reserve (AGR) position or a Military Technician (Mil Tech) position where membership in the ARNG is a condition of employment, and member has **not** served at least six months of the incentive contract term.

f. **Serves one year or less of an enlisted incentive contract term before becoming a contracted cadet in the Simultaneous Membership Program (SMP), Reserve Officer Training Corps (ROTC) or ROTC Control Group. Termination and recoupment is effective on the college class start date for any Soldier awarded an ROTC scholarship or the effective date of order to the course for SMP participants.**

g. Any other additional termination with recoupment condition that is not included in this policy can be found in the appropriate chapter of NGR 600-7 or on the appropriate incentive's addenda.
